

# Stories Along The KHT Corridor

Ginger Trine

## *A Section of the Hoosier National Forest*

*I am section hiking day hikes only, the HNF and Pioneer sections of the KHT. ( I've done the Tecumseh and KT several times. It's time to do the middle! ) The last two sections, I've had two ladies join me! I was doing out and back day hikes until they came. Now I can cover twice the ground. Today, we did the Southern terminus of Nebo Ridge to the trail 18 trailhead. It was a beautiful day for a hike! We all enjoyed the beauty of the woods, the quiet streams, and the woodpeckers. We saw a beaver swimming in the creek crossing the Maumee bridge! Even the road walk was pleasant . Thanks for all you are doing to make this trail a reality! I've already covered the northern part from the southern terminus of the Tecumseh to this section. Next time, our goal is from trailhead 18 to the ATV Pioneer trailhead. Thanks again for all you do!*
